FAMILY PAINTING AREA
IN THE OLD GUARDHOUSE

I've painted since I was a child, I never stop. My eye watches and sees, creates images. I paint with a brush, a word, my body, and my thoughts...

What type of painter are you? What type of painter am I?

'Painting' is a family painting area, a place created for you to experience, to learn, to excite your imagination, to perceive the picturesqueness of the world through your senses, and also to simply have fun.

Our pretext to create it and to allow families to experience art together was Rembrandt's painting *The Polish Rider* now, after over a century, again on display in the Palace on the Isle in the Royal Łazienki Museum.

In our family painting area:

- PLAY with other our youngest visitors
- COLLECT just like famous artists and rulers did
- REST in a creative manner as well
- WORK, CREATE, SHOW.

The family painting area is suitable for people with sensory impairment.

Our painting area accompanies the temporary exhibition 'The Royal Rembrandt. *The Polish Rider* from The Frick Collection in New York'.
